

1. I oppose the expansion of LPFM stations. I listen to K-LOVE on 91.3 in San Antonio. Being in the military, it's nice to have a station like K-LOVE with translators all over the US. Whenever I have to move, I can always find that radio station.
2. There would be a negative effect on my local community if K-LOVE was displaced by an LPFM broadcaster with different programming.
3. The service provided by K-LOVE is in the public interest. They provide information about local events and services that are free to the public. They also provide family-friendly programming that children can listen to at any time without hearing profanity or other inappropriate language.
